Dear Sir,

We are a newspaper which handles environment and consumer subjects. The name is "Observez" ("Watch!")

At the present time, we are preparing a report about biologic farming in Europe.

We have examined your report in Portugal about Senda which appeared very interesting to us

Could you please let us know if there is any new element, or reaction concerning this report?

We should be very much obliged if you would keep in touch with us.

We look forward to your early reply.

Yours faithfully
